

# Bridging the Gap During Out of School Hours

www.bgccw.org  
(307) 234-2456

In Wyoming, nearly 20,000 school age children are left on their own unsupervised during out of school hours. More than a third of Natrona County children live in a single parent home. In 60% of two-parent households in Wyoming, both parents are working. Many times, the children in these families are left to care for themselves after school. Families need to know that their children can have a safe place to go to for supervision, a free healthy snack, homework help, and friendship.

The Boys & Girls Clubs of Central Wyoming (BGCCW) offers that and more. Our programs and services are based on three priority outcomes: Academic Success, Healthy Lifestyles, and Good Character & Citizenship. We work to promote and enhance the development of youth by instilling a sense of competence, usefulness, belonging and influence. It's a place where kids are safe, a place where they can learn and grow while having fun.

## GREAT FUTURES START HERE EVERY DAY.
