Child Abuse Prevention Policy (Page 1 of 2)

The priority of Boys & Girls Clubs of Central Wyoming is the physical and emotional safety of its members, staff, and volunteers. Boys & Girls Clubs of Central Wyoming maintains a zero-tolerance policy for child abuse.

Boys & Girls Clubs of Central Wyoming implements policies and procedures for members, employees, volunteers, visitors or any victims of sexual abuse or misconduct to report any suspicion or allegation of abuse.

DEFINITIONS

One-on-one Contact Prohibition: Boys & Girls Clubs of Central Wyoming prohibits isolated one-on-one interaction between Club participants and staff or volunteers, including board members. This includes prohibiting one-on-one contact at any time at the Club, in vehicles or by phone, text, social media or any other means.

Exceptions may only be made when delivering approved medical or counseling services by a licensed, trained therapist or similar professional according to professional guidelines. All staff and volunteers, including minor staff (under age 18), are strictly prohibited from meeting Club participants one-on-one outside of any Club-sponsored activities. The only exception to this rule is if the Club participant is a child or sibling of the staff member or volunteer.

Child abuse is when an adult or another child, whether through action or by failing to act, causes serious emotional or physical harm to a child. Sexual abuse or misconduct may include but is not limited to:

- Any sexual activity, involvement or attempt of sexual contact with a person who is a minor (under 18 years old).
- Sexual activity with another who is legally incompetent.
- Physical assault or sexual violence, such as rape, statutory rape, abuse, molestation, or any attempt to commit such acts.
- Unwanted and intentional physical conduct that is sexual in nature, such as touching, pinching, patting, brushing, massaging someone's neck or shoulders and/or pulling against another's body or clothes.
- Inappropriate activities, advances, comments, bullying, gestures, electronic communications, or messages (e.g., by email, text, or social media).

Grooming is when someone builds an emotional connection with a child to gain their trust for the purposes of sexual abuse, sexual exploitation, or trafficking. Grooming behaviors may include but are not limited to:

- Targeting specific youth for special attention, activities, or gifts.
- Isolating youth from family members and friends physically or emotionally. This can include one-on-one interactions such as sleepovers, camping trips and day activities.
- Gradually crossing physical boundaries, full-frontal hugs that last too long, lap sitting or other "accidental" touches.

MANDATED REPORTING

Every staff member or volunteer of Boys & Girls Clubs of Central Wyoming who becomes aware of or has suspicion of child abuse or neglect must immediately report to their Club director and also report to authorities. Club director will ensure the incident is reported to authorities immediately according to Wyoming mandated reporting laws and to the supervising VP and CEO. The BGCCW CEO or their designee will report to Boys & Girls Clubs of America (BGCA) within 24 hours via the critical incident system.

Prohibition of Private One-on-One Interaction Policy (Page 1 of 3)

Boys & Girls Clubs of Central Wyoming is committed to providing a safe environment for members, staff, and volunteers. To further ensure their safety, the organization prohibits all one-on-one interactions between Club members and staff and volunteers (including board members). All staff and volunteers must abide by the following:

- Ensure all meetings and communications between members and staff or volunteers are never private (see definition below).
- Ensure in-person meetings take place in areas where other staff and/or members are present.
- Communicate to another staff member whenever an emergency arises that necessitates an exception to this policy.
- Never initiate private or isolated one-on-one contact with a member.
- Never have a private or isolated meeting or communication with a member. This includes in-person meetings and virtual communications such as texting, video chat and social media between only a staff member or volunteer and a single member.
- Never transport one Club member at a time. This includes transportation in Club or leased vehicles.

Exceptions may only be made when delivering medical or counseling services by a licensed, trained therapist or similar professional. All exceptions shall be documented and provided to Club leadership in advance.

If an emergency arises that necessitates an exception to this policy, the emergency exception shall be communicated to Club leadership as soon as practicable, and ideally before engaging in one-on-one interaction.

ONE-ON-ONE INTERACTION POLICY GUIDANCE

The following guidance should be used when implementing related policies and procedures.

Definition of one-on-one interaction

One-on-one interaction is defined as any private contact or communication (including electronic communication) between any Club participant and an adult, including adult staff, minor staff, volunteers, board members and others who might encounter members during regular programming and activities.

- Private contact/communication is any communication, in person or virtual, that is between one youth member and one adult (18 or over) that takes place in a secluded area, is not in plain sight and/or is done without the knowledge of others. Private places can include but are not limited to vehicles, rooms without visibility to others, private homes, and hotel rooms. Examples of private contact include but are not limited to:
 - o Meeting behind closed doors (in rooms without windows or visible sightlines) or any spaces that are not visible to others.
 - o One staff member transporting one member in a vehicle.
 - o Electronic communications (text, video, social media, etc.) between one member and one staff member or volunteer.
- Public contact/communication is any communication or meeting, in person or virtual, that is between at least three individuals, including two staff and one member, one staff and two members or variations of these combinations. Examples of public contact include but are not limited to:
 - o Meeting in plain sight of others (e.g., in a quiet corner of an active games room).

Prohibition of Private One-on-One Interaction Policy (Page 2 of 3)

- o Transporting members via public transportation (bus, taxis, train, air, etc.) or transporting multiple members.
- o Electronic communications (text, video, social media, etc.) between multiple members and adults (e.g., group chats).
- o Public places can include but are not limited to buses, airports, shopping malls, restaurants, and schools.

Impact on mentoring programs

Mentorship is a key component of Boys & Girls Club programming and has tremendous positive impact on members. Prohibition of one-on-one interaction does not have to negatively affect mentor programs and/or relationship building. Mentors can adjust their practices to include:

- Holding mentor and coaching sessions in areas where other staff and/or members are present or can see you – for example, in large rooms where meetings are visible but not heard.
- Copying parents, staff, or other members (when appropriate) on written and/or electronic communications.
- Scheduling meetings during Club hours and at the Club site.
- Documenting interactions between mentors and youth.

Impact on partnerships with local mentoring organizations

- All local mentors are required to abide by Club policies, including background check requirements and prohibition of one-on-one interaction.
- External mentors are required to abide by all Club safety policies and procedures.
- A written agreement should be in place to determine how and when the external organization assumes custody and responsibility of the member; these procedures should be clearly communicated to parents or guardians.

Impact on traveling to off-site events and activities

- When travelling to external events such as Keystone, Youth of the Year or other off-site events, the one-on-one policy shall continue to be followed.
- Should the Club take responsibility for transporting members to and/or from an event, one staff member should not transport one single child at any time in a vehicle. Accommodations shall be made to ensure at least three people (two staff and one member or one staff and two members) are together when traveling. As an alternative, public transportation may be used (e.g., taxi, Uber, public transport).
- If this arrangement presents staffing or budget challenges, consider the following:
 - o Inviting parents or guardians to attend and/or chaperone their child.
 - o Including additional youth (e.g., Junior Youth of the Year) and/or staff in travel plans.
 - o Coordinating with other Clubhouses or nearby organizations to travel together.
 - o Travelling with additional staff or members.
- Parents and guardians should also provide written consent in each instance in which a member travels to any off-site event.
- Similar practices should be in place when coordinating field trips.

Prohibition of Private One-on-One Interaction Policy (Page 3 of 3)

Impact on transportation to and from the Club

- When transporting members to and/or from a Club-sponsored event or activity, single members should not be transported alone with one staff person.

- Consider the following to accommodate single children:
 - o Modify bus or van routes so single children are not picked up first or dropped off last.
 - o Use a bus aide if available.
 - o Pick up and drop off children in groups.
 - o Modify staff schedules to ensure multiple staff are present.

Exceptions to policy

Exceptions to the one-on-one policy can be made under the following circumstances:

- When delivering medical or counseling services by a licensed, trained therapist or similar professional (e.g., counselors, social workers).
- When the emotional or physical safety of a member is at risk and a private, one-on-one communication is deemed necessary by Club leadership.
- In emergency situations that could create a safety risk, exceptions can be made.

Should exceptions need to be made, the Club shall have policies in place to monitor interactions, including but not limited to:

- Disclosing the meeting to Site Director and regularly checking in with the member and adult during conversations.
- Placing time limits on conversations.
- Meeting in rooms with clear sight lines (e.g., rooms with windows or glass doors).
- Documenting the interaction.
- In an emergency, disclosing the situation to another staff member before engaging in one-on-one interaction.

If immediate repair to damage that poses imminent risk is not possible, Club leadership shall determine whether temporary or permanent closure of the facility may be required. Any damage to a facility that results in an incident deemed critical to the organization shall be reported to the appropriate authorities as a critical incident.

FOOD AND DRINK

Any distribution, preparation, or consumption of food and/or drink at any facility shall comply with all applicable food services sanitation and public health codes. If food is prepared and served on site, required city or county health department inspection certificates shall be posted. Additionally, Boys & Girls Clubs of Central Wyoming provides reference materials when asked by other Member Organizations.

Drug and Alcohol-Free Workplace Policy (Page 1 of 2)

Boys & Girls Clubs of Central Wyoming is committed to providing a safe environment for members, staff, and volunteers. The unlawful or improper use of drugs – including marijuana, controlled substances, or alcohol in the workplace – presents a danger to everyone. The organization also has a duty to comply with the requirements of the Drug-Free Workplace Act of 1988.

- Employees are prohibited from reporting to work or working while under the influence of alcohol and/or illegal or unauthorized drugs.
- Employees are prohibited from reporting to work or working when the employee is using any legal drugs that potentially affect job safety or performance; exceptions can be made in accordance with state law when the use is pursuant to a doctor's orders and the doctor has advised the employee that the substance does not adversely affect the employee's ability to safely perform his or her job duties. Employees taking any legal drugs that potentially affect job safety or performance are responsible for notifying their supervisor and/or Club leadership so that a determination of job performance or a reasonable accommodation can be made. An employee may not be permitted to perform his or her job duties unless such a determination or reasonable accommodation has been made.
- Employees are prohibited from engaging in the unlawful or unauthorized manufacturing, distribution, dispensing, sale or possession of illegal drugs and alcohol in the workplace, including on organization paid time, on organization premises, in organization vehicles or while engaged in organization activities.
- Employees must notify their supervisor and/or Club leadership immediately of any criminal drug or alcohol violation.
- Employment with the organization is conditional upon full compliance with the foregoing drug- and alcohol-free workplace policy. Any violation of this policy might result in disciplinary action, up to and including discharge.

BGCCW further reserves the right to take any and all appropriate and lawful actions necessary to enforce this drug- and alcohol-free workplace policy, including but not limited to the inspection of organization-issued lockers, desks, or other suspected areas of concealment, as well as an employee's personal property when the organization has reasonable suspicion to believe that the employee has violated this policy.

TOBACCO USE POLICY

Boys & Girls Clubs of Central Wyoming will comply with all applicable federal, state, and local regulations regarding tobacco use in the workplace in order to provide a work environment that promotes productivity and the well-being of its employees. Tobacco use in the workplace can adversely affect members, employees, and volunteers. Accordingly, tobacco use is restricted at all BGCCW sites, vehicles, and field trips.

Tobacco use is defined as use of any tobacco-containing products, including cigarettes, cigars, pipes, and smokeless tobacco as well as the use of electronic cigarettes (e-cigarettes) and vaporizers (vapes). The tobacco use policy applies to employees, volunteers, visitors, and members while on Club premises or during Club activities (on or off site).

REASONABLE SUSPICION

Staff and/or volunteers shall immediately notify site director of any action by an employee or volunteer who demonstrates a pattern of behavior suggesting that they are under the influence of drugs or alcohol. Employee(s) subject to reasonable suspicion will be taken to the collection center by another employee or supervisor. The employee may be required to take a drug, alcohol, and/or urine test. Employees and volunteers believed to be under the influence of drugs or alcohol will be required to leave the premises. Any illegal drugs or drug paraphernalia will be turned over to law enforcement and may result in criminal prosecution.

Screening, testing and security measures may be used as methods of enforcement, as permitted by applicable state law. It is a violation of this policy to refuse to submit to testing. Tests that are paid for by the organization are the property of the organization, and the examination records will be treated as confidential and held in separate medical files. However, records of specific examinations will be made available, if required by law or regulation, to the employee, persons designated and authorized by the employee, public agencies, relevant insurance companies and/or the employee's doctor.

CLUB MEMBER USAGE

Before a member will be allowed to use Club technology equipment or their personal device, both the member and his/her parent/guardian will need to read and sign the Technology Acceptable Use policy and return it to the Club. Under the Technology Acceptable Use policy, the following relevant principles shall apply:

Club devices shall include any and all Club-owned existing and/or emerging technologies and devices that can take photographs, play, and record audio or video, input text, upload and download content and/or media and transmit or receive messages or images.

Personally owned devices shall include any and all member-owned existing and/or emerging technologies and devices that can take photographs, play and record audio or video, input text, upload and download content and/or media and transmit or receive messages or images.

Club purposes shall include program activities, career development, communication with experts and/or Club peer members, homework, and Club activities. Members are expected to act responsibly and thoughtfully when using technology resources. Members bear the burden of responsibility to inquire with staff when they are unsure of the permissibility of a particular use of technology prior to engaging in its use.

Authorized use: Club devices and personally owned devices are permitted for use during approved Club times for Club purposes and in approved locations only. The Club expressly prohibits the use of any devices in locker rooms, restrooms, and other areas where there is an expectation of privacy.

Appropriate use: Members may not use any technology to harass, threaten, demean, humiliate, intimidate, embarrass, or annoy their peers or others in their community. Any inappropriate use of a Club or personally owned device, as determined by Club staff, can lead to disciplinary action including but not limited to confiscation of the device, immediate suspension from the Club, termination of membership or other disciplinary actions determined to be appropriate to the Club's existing disciplinary policies including, if applicable, referral to local law enforcement.

Monitoring and inspection: Boys & Girls Clubs of Central Wyoming reserves the right to monitor, inspect, copy, and review any personally owned device that is brought to the Club. Parents/guardians

choice, during the inspection. Parents/guardians may refuse to allow such inspections. If so, the member may be barred from bringing personally owned devices to the Club in the future.

Loss and damage: Members are responsible for keeping devices with them at all times. Staff are not responsible for the security and condition of the member's personal device. Furthermore, the Club is not liable for the loss, damage, misuse, or theft of any personally owned device brought to the Club.

Cyberbullying: Members must be aware of the appropriateness of communications when using Club or personally owned devices. Inappropriate communication is prohibited in any public or private messages, as well as material posted online. Inappropriate communication includes but is not limited to the following:

Internet access: Boys & Girls Clubs of Central Wyoming reserves the right to monitor communication and internet traffic, and to manage, open or close access to specific online websites, portals, networks, or other services. Members must follow Club procedures to access the Club's internet service.

Parental notification and responsibility: While the Boys & Girls Clubs of Central Wyoming Technology Acceptable Use Policy restricts the access of inappropriate material, supervision of internet usage might not always be possible. Due to the wide range of material available on the internet, some material might not fit the particular values of members and/or their families. Because of this, it is not considered practical for Boys & Girls Clubs of Central Wyoming to monitor and enforce a wide range of social values in member use of the internet. If parents/guardians do not want members to access information beyond the scope of the Technology Acceptable Use Policy, they should instruct members not to access such materials.

Digital citizenship: Club members shall conduct themselves online in a manner that is aligned with the Boys & Girls Clubs of Central Wyoming Code of Conduct. The same rules and guidelines members are expected to follow offline (i.e., in the real world) shall also be followed when online. Should a member behave online in a manner that violates the Boys & Girls Clubs of Central Wyoming Code of Conduct, that member shall face the same discipline policy and actions they would if their behavior had happened within the physical Club environment.

BGCCW-approved digital citizenship and technology safety training is recommended for all members and will be offered throughout the year at all Club sites.

Club-owned-and-operated technology: Members are expected to follow the same rules and guidelines when using Club-owned technology. Club technology and systems are the property of the Club, are intended to be used for Club purposes and are to be used during approved times with appropriate supervision. Club members shall never access or use Club technology or systems without prior approval.

Staff must be aware of the appropriateness of communications when using Club or personally owned devices. Inappropriate communication is prohibited in any public or private messages, as well as material posted online.

Staff may not use any technology to harass, threaten, demean, humiliate, intimidate, embarrass, or annoy others. KEY DEFINITIONS

Emergency: An emergency is any event, natural or man-made, whether expected or unexpected, that places life or significant Club assets in danger or threatens the ability to conduct normal business operations and usually involves abnormal time constraints and resource responses.

Mitigation: Mitigation is the effort to reduce loss of life and property by lessening the impact of disasters or emergencies. For mitigation to be effective, we need to take action before an emergency occurs to reduce human and financial consequences later.

Preparedness: Preparedness helps everyone act quickly and decisively in the face of a disaster or emergency and can minimize loss of property and prevent death and injury. An effective emergency plan should include steps to ensure that those with disabilities or special needs are provided with a proper evacuation strategy.
